

# Connecting and coordinating public and private stakeholders

## Goals + Tasks

/ Nils Scheffler, ALT/BAU Lead Expert

# Connecting and coordinating public and private stakeholders

## Goal

/ Inform, engage and coordinate stakeholders relevant for reactivation process

## Tasks

1. Define what needs to be coordinated and exchanged with which stakeholder(s)
2. Define and implement structures and procedures to ensure cooperation and exchange

# Connecting and coordinating public and private stakeholders

## Task

- / Define what needs to be coordinated and exchanged with which stakeholder(s)

## Steps

1. Brainstorming necessary steps to reactivate a vacant building and coordination needs
2. Sketch current responsibilities and coordination/exchange procedures

## POTENTIAL COORDINATION TOPICS

- General policy issues
- Ownership (change)
- Information about vacant buildings
- Situation and need for action regarding priority buildings
- Rehabilitation / building permits
- Construction works on technical infrastructure and public space
- Entry of relevant data / information into property database (GIS)
- Problems and resident ideas for vacant buildings

# Connecting and coordinating public and private stakeholders

## Task

/ Define and implement structures/ procedures to ensure cooperation and exchange

## Steps

1. Brainstorm structures and procedures to ease reactivation of vacant buildings
2. Implement and apply structures and procedures!
